

# Car Seat Safety Chart

## Child fits the seat's height and weight range.

Use height and weight, not age, to decide which seat to choose. Check the seat's labels.

## Car seat has not expired.

Seats have an expiration date stamped on them – replace if expired.

## Car seat is facing the right direction.

Keep your child rear-facing until 2 years of age or longer.

## The top tether is connected for my front-facing seats.

Check your car and safety seat manuals for help with tether connections.

## Car seat is not loose.

Make sure you can't move your car seat more than an inch in any direction.

## Child is secured properly in car seat.

All clips and buckles fastened and tightened so you can't pinch extra webbing at the shoulder.
